{D. E. (Civil), M. Sc. (Physics), M. Phil. (Material Science), Ph. D. (Environmental Science), Fellow-AEB}

I am indeed happy to learn that yet another issue of our college newsletter, 'GMFC TIMES' is being released for the Academic Year 2021-2022. This newsletter highlights activities conducted by the different departments as well as the programs the students and the faculty have participated in during the second half of the academic year. I would say it is a reflection of the fact that our college is a hub for knowledge, talents and enthusiasm.

I owe the laurels achieved to the hardwork of the students, guidance of the teachers and support from parents and the Management.

I express my warm greetings and congratulations to the editorial team for their efforts in giving us this creative and valuable newsletter. I look forward to your feedback.
